If Town Farm had a fitness park, would you be interested in organized fitness/workout programs (for a fee)?

Feedback- Fitness Park Survey

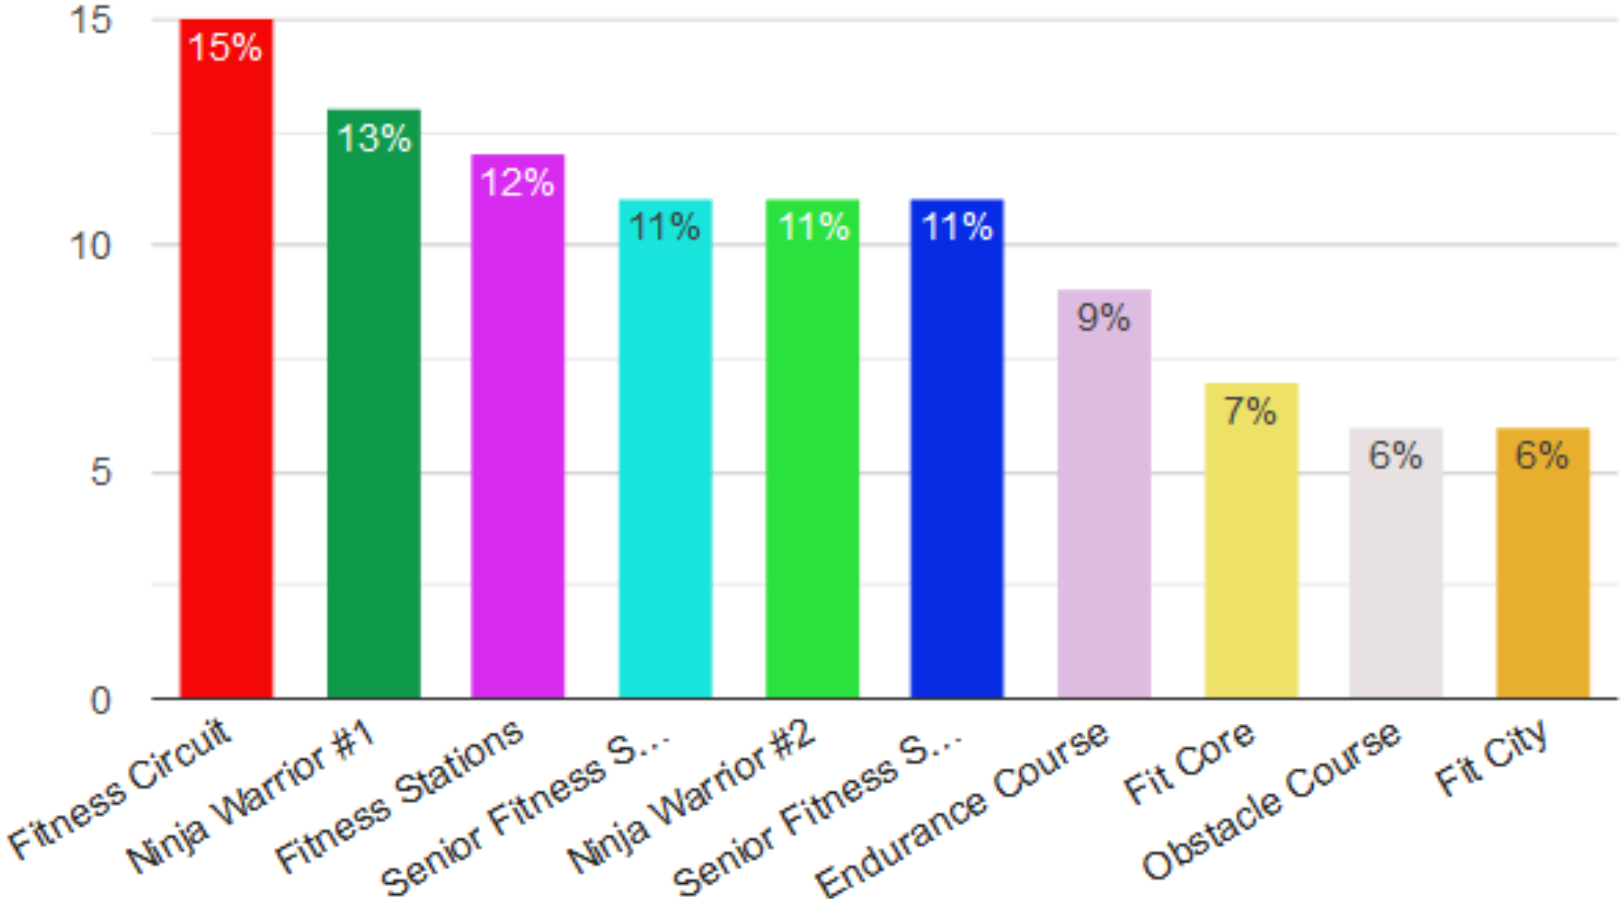

How far away is Town Farm from your residence?

Feedback- Fitness Park Survey

Please select your top FOUR (4) choices:

Comments- Fitness Park Survey

“Town Farm is a place where I often sit and wait for my children at practice and this would be a better use of my time. Also, my teenage daughter may be more interested in using the equipment with me than just running or going to the gym.”

“I noticed the questions about workouts for a fee. I would strive for community/free fitness. Many communities bring people together that way (November Project or Run and Chug in Newport).”

“I thinks it’s awesome and allows busy parents who are trapped at the sports field to possibly get in a workout.”

“My only concern is that everything will be maintained, I hope some of the equipment comes with a service plan or the town puts a solid plan in place to make sure everything is maintained.”

Comments-Fitness Park Survey

“Something to use from a seated or wheelchair position would be great - especially with many local rehabs (Vanderbilt rehab, for example).”

“Consider all the seniors in town.”

“Pickleball lines on tennis courts.”

“This is great! My husband and I are new to town and just had a baby. Hoping to stay in Tiverton a while.”

“Zuba exercise for teens and adults.”
